

Architectural Design Works Flow Chart

STAGES 1,2,3 - SURVEY, DESIGN & PLANNING

Please Note:
 The timetable / time line shown here is purely indicative of a theoretical typical project. This flowchart does not constitute advice and is for general information only. For specific advice please consult with Zendium Design and / or other professionals. Actual time lines are subject to prompt client decisions and third party input. Other stages and sub-steps are not shown. Zendium Design will always ensure that you are kept informed of implications on time line. Local Authority approvals take typically 8 weeks. Any changes to the design and drawings will obviously extend the time line. Construction period defined by the contractor and ground conditions amongst other issues.

STAGES 4, 5, 6 - BUILDING CONTROL, CONSTRUCTION & SITE WORKS
